carefully. It is pertinent to mention that M/s Words Window, New Delhi, the importer in this case had sold the goods to M/s Rathi Ispat of Ghaziabad on high sea sale basis. M/s Rathi Ispat of Ghaziabad happens to be a regular importer of heavy melting steel scrap at ICD, Tughlakabad and no foul play is suspected.

(c) As regards precautions taken by the Government in dealing with such scrap, a separate area away from normal examination area has now been earmarked for examination of heavy metal steel scrap by the CONCOR. In such suspected cases, the scrap would be put up for examination of the police/explosive experts and after their clearance the same would be examined by the Customs.
